

# Weekly report

## 1 Done

This week I focus on our project.

### 1.1 Paper

I have written an outline and completed the first draft of the abstract and the first three chapters, which can be found on:

*svn://10.76.0.157/Personal/wxm/MapG\_paper.*

### 1.2 Program

I have integrated our system and adjusted the interface as the design of Tianyi.

### 1.3 Discussion

According to the latest progress of the system, we have discussed about system and user study.

The entire details can be found in the project document.

### 1.4 Others

Besides, I have finished the introduction of “visual analysis model”.
